

Excel™

Calcium Chloride Pellets

The Excel Advantage

- Effectively melts down to -25°F.
- Begins melting immediately upon impact – generates melting heat fast.
- Quickly penetrates through frozen surfaces to undercut the ice.
- Most efficient de-icer on the market – melts more so application rate is less.
- Long-lasting melting action – requires fewer applications than other de-icers.
- No powdery residue – odorless and colorless.
- Safe on concrete and vegetation when used correctly.
